Long Text Support in part but council deperately need to make clear their intentions for airport drive zoning beyond just the west side

Q13 Relief sought

Long Text Council need to take a longer term approach in considering and notifying the airport drive residents on what it's intentions are for the corridor considering the importance of it in access to the airport. It is important council specifically consider the long term view here as there will continue to be growth in the airport numbers so therefore more traffic. Considering how airport drive looks and specifically deals with traffic noise for residential homes is important. Consideration should be given specifically to increasing the the community centre to the opposite side of the road. This would bring the airport gateway more into line with other airports such as Christchurch, Auckland etc. Investing in opening this zoning up will help attract larger businesses to the region.
